

Nial Dunne
Trustee

After 34 years in industry culminating in senior management positions with IBM UK and then Santander UK, I retired and was looking for something worthwhile to do voluntarily with some of my time - so I became a volunteer with Key Changes courtesy of an introduction from Veronica Austin.

Over the last 6 years, I have been writing and submitting bids for funds for therapy projects which has given me a great insight into the valuable and wonderful work the Charity and its therapists do.

More recently I have been focussed on seeking core funding to help the charity through this challenging time, and now (even more recently) I have stepped into a role as a Trustee which is a new experience for me but hopefully I can help.

Away from work I have always been active - nowadays I enjoy cycling, walking, tennis and occasional (not very good!) golf. In my youth I was a reasonable rugby player but sadly I am just too old for that so I resort to watching instead.
